But before Chien and Tuyet can get married, Chien is killed in a U.S. air attack. Oanh keeps the news from Tuyet out of fear for the baby she is carrying. He also does not want the service to find out Chien had been secretly married without an official certificate which would jeopardize his chance for a posthumous ‘Hero honour.’ Then Tuyet is threatened with expulsion from school and Oanh takes full responsibility for her condition in order to protect the honor of Chien.
