**Summary:** A pornographic parody of Apocalypse now. Opens in Saigon in 1973. Maj. Remington has set himself up as the leader of a band of partisan Amazons on the Cambodian border. Maj. Stony first joins up with Lt. Jack Peterson (Morgan) and a Dennis Hopper-type civilian photographer (Wallice) at a Saigon bar where they engage in various sex acts. They eventually set out through the jungle only to be captured by some of the Colonel's women. There is a cave scene with the shaved-headed Colonel and more sex before Stony and Peterson escape.
