**Cast:** Steve James, Reb Brown, John Leguizamo, Valarie Pettiford.

**Summary:** Crime/action/thriller set in contemporary New York City. Logan Blade (James) is a Black Vietnam vet turned supercop whose unorthodox methods got him bounced from the New York City police force. Now he works as bounty hunter and is out to bring the leader of a Colombian street gang to justice. The Colombian, Angel (Leguizamo) has a dream of uniting all the street gangs in New York. He has been inspired with this idea by an ex-Marine colonel turned mercenary (Brown) who is manipulating the gangs for his own power-hungry ends. A mild throwback to the blaxploitation films of the early 1970s.
