La Salle’s MBA students bring critical skills to the workplace throughout the program and become leaders in their organizations when they graduate.

In the Lasallian tradition, our program integrates academic theory with the practical experiences and shared ideas of diverse, highly motivated students and outstanding faculty. Classes are small, so students get to know their professors and one another well, and they learn in a dynamic atmosphere.

Accreditation
La Salle’s MBA program is part of an elite group of less than 5 percent of the world’s business schools that have been accredited by AACSB International—the Association to Advance Collegiate Schools of Business. This accreditation continues to emphasize academic excellence and a commitment to continuous improvement in business education. La Salle is proud to have earned and maintained this prestigious status.

Multiple Locations
For the convenience of our students, the Part-time MBA program is offered at three campus locations: Main Campus in Northwest Philadelphia, the Bucks County Center in Newtown, and the Montgomery County Center in Plymouth Meeting. Students may take classes at all three locations.
Class Schedule

The academic year is divided into three semesters: fall, spring, and summer. In the fall and spring, classes are offered one night per week for 15 weeks. Selected courses are offered on weekends and/or in a condensed format. In the summer, classes are offered one night per week for 11 weeks, or two nights per week during five-and-a-half-week sessions. Accelerated courses are offered twice a year during Intersession, in January and August. The schedule for these courses varies.

Innovative hybrid courses, which combine in-class meetings with an online component, are also offered each semester exclusively at the Montgomery County Center.

Curriculum

La Salle’s MBA program requires students to complete between 33 and 48 credits (plus any of the Basic Skills courses) to earn their MBA. The total credits are determined by reviewing each student’s academic and professional background.

Each student selects a specialization and is required to complete three 700-level courses in one of these areas:

- Accounting
- Business Systems and Analytics
- Finance
- General Business Administration
- Human Resource Administration
- International Business
- Management
- Marketing

Admission Requirements

Admission to La Salle University’s MBA program is competitive. The Admission Committee is concerned with each applicant’s interest, aptitude, and potential for achievement in graduate business studies. All applicants must possess a four-year bachelor’s degree from an accredited college or university. The structure of the program lends itself to those with or without an undergraduate degree in business.

To be considered for admission to the program, applicants must submit the following:

- Completed application (apply online by visiting lasalle.edu/gradapp)
- Official transcripts from all undergraduate (and graduate, if applicable) institutions attended
- Official GMAT (Graduate Management Admission Test) or GRE (Graduate Record Examination) scores
- Current professional résumé
- Additional requirements for international students include TOEFL (Test of English as a Foreign Language) scores, WES (World Education Service) evaluation, Statement of Financial Responsibility, and Summary of Education Experience (contact the MBA office to access these forms)

Application Deadlines

Applications are accepted on a rolling basis. We recommend that all documents be submitted by Aug. 15 (fall), Dec. 15 (spring), and April 15 (summer). Under special circumstances, students may be admitted up to the first day of classes of each term. International student applications should be submitted at least two months prior to the dates listed above.

Conditional Admission

Prospective students may apply for conditional admission without previously taking the GMAT or GRE exam. A limited number of students with at least a 3.0 cumulative undergraduate GPA may be admitted into the program for one semester without exam scores. To qualify for conditional acceptance, students must have a distinguished undergraduate background and, upon conditional acceptance, will be required to take the GMAT or GRE in their first term in the MBA program. Upon successful completion of the exam, students are eligible for full degree status.

Waiver of the GMAT or GRE Requirement

Applicants with an undergraduate business degree from an AACSB-accredited program who have a minimum overall grade point average of 3.2 or higher are not required to complete the GMAT or GRE exam for admission into the program. To determine if your undergraduate business program is AACSB accredited, visit aacsb.edu/accreditation.

Applicants possessing a master’s degree or Ph.D. (or equivalent) are not required to complete the GMAT or GRE exam for admission into the program.
