(Other titles: *Giorno degli zombi*; *Jour des morts-vivants*)

**Credits:** director/writer, George A. Romero.

**Cast:** Lori Cardille, Terry Alexander, Joseph Pilato, Jarlath Conroy.

**Summary:** Horror film set in contemporary Florida. Sequel to *Dawn of the dead*. Survivors of the zombie onslaught are living in an underground military installation in Florida. They capture zombies for experiments intended to find a way to control and educate them. There is tension between the scientist Dr. Logan and the military commander Rhodes who simply wants to destroy the zombies. Things come to a head when Rhodes learns that Logan has been training the zombies by feeding them pieces of Rhodes own men. Order collapses, with survival now the only objective. Described as a Vietnam War film by Robert C. Cumbow in *Vietnam War films* as the survivors use helicopters and sophisticated weaponry against a faceless enemy who is too relentless to be defeated.
