FACULTY SENATE—Minutes
April 21, 2005
12:30-1:50 p.m. McShain Board Room, Union

Excused: Janice Beitz, Susan Borkowski, Eileen Giardino, Sidney MacLeod, Janine Mariscotti

President Paulin convened the meeting at 12:30 p.m.

Core Curriculum Advisory Board (Executive Session)

The Senate discussed the request from Margot Soven for three faculty members to be appointed to the Core Curriculum Advisory Board. Senators expressed that if this is an ongoing request, this committee should be added to the work of the Committee on Committees. It was also suggested that this matter should go through University Council, following the process of establishing a sitting committee with involvement from Faculty Senate. It was suggested that the Deans could make appointments.

President Paulin advised that she would discuss the request further with Dr. Soven to determine how the Faculty Senate might best relate to the Advisory Board, and would keep the Senate informed of their discussions.

Academic Affairs Integrity Survey

The Senate discussed the survey that is currently being distributed on behalf of the Academic Affairs Committee. President Paulin reported receiving inquiries from several faculty concerned about the questions, as well as the use that will be made of information collected. There was also expressed a concern that a decision had already been made as to the direction to go in. Senators on the Academic Affairs Committee responded that there was no direction already set by the Committee, and that the reason for the survey was a sincere desire to poll the community on the issue of academic integrity. The suggestion was made that the Committee sponsor a forum in the fall of 05, perhaps with the Student Government Association, to discuss this issue and hear all points of view from a variety of perspectives.

Pilot Student Evaluation Form

The Senate expressed appreciation to the Ad Hoc Committee that developed this form and that met their own deadline of spring, 05 for piloting of the form. It was commented that the second side is not being completed; perhaps students aren’t seeing it. The Ad Hoc Committee was asked to talk with chairs, who would have valuable information about the utility of this form. Lynn Miller volunteered to do some quantitative analysis for any faculty who voluntarily wanted to submit forms for such analysis. Quantitative as well as qualitative analysis will continue throughout 2005 with any revisions to the form being made by the Ad Hoc Committee as indicated. The Faculty Senate will then consider this feedback in making a recommendation to the Provost on the utility of this new form.

Senate Election

Marianne reported that 144 ballots were cast in the final phase of voting. The results will be posted soon on the portal and in Campus News. One issue that came up was replacement of Senators who are unable to complete their terms. The Senate decided upon unanimous vote to replace Senators not completing their terms with Senators at-large.

Suggestions have been made to try to increase participation of all faculty in the Senate. There remain questions as to whether any proposed changes would require changes to the by-laws. It was decided to convene a committee over the summer of 05 to examine the election process and to make recommendations back to the Senate.

Student Withdrawal from Classes

There is a request that the procedures used for students to withdraw from classes be examined, and if indicated, changed. Concern has been raised, for example, that students withdraw from class without consulting faculty or advisors. Faculty don’t find out until it is too late and the student may be withdrawing because they have an inaccurate view of what their grade will be. The view was also expressed that the withdrawal issue may be a smaller part of a bigger issue.

The Senate referred this matter to the Student Affairs Committee of the Senate, which will be asked to examine the current process in the fall of 2005, and to make any recommendations back to the Senate.

Sabbatical Program Review

Susan Borkowski reported for the Academic and Faculty Affairs Committee of the Senate that is studying the sabbatical program. The Committee has polled 105 members of the faculty who have had or are eligible for sabbatical leave. The committee intends to follow up with the 14 missing responses in this poll, and to make a report at the May, 2005 meeting of the Faculty Senate.

Vice President for Business Affairs Search

President Paulin and Jeannie Welsh sit on the search committee and reported that the search is going well, and has resulted in several candidates being recommended to the President.

University Council Meeting

President Paulin reported that part-time faculty are not receiving the salary increase that full-time faculty will get for 2005-6. The Senate expressed that any surplus in the budget should be directed to remedying this problem. In 2007 Faculty Senate representatives to University Council will be asked to specifically inquire about salary increases for part-time faculty.

The next meeting of the Faculty Senate will be on May 9, 2005, from 9 a.m.-3 p.m.

This meeting was adjourned at 2 p.m.

Respectfully submitted,

Bonni H. Zetick
Secretary, Faculty Senate
FACULTY SENATE  
Minutes of the May 9, 2005 AM Meeting

**Present:** Gerald Ballough, Janice Beitz, Susan Borkowski, David Cichowicz, Marianne Dainton, Rich DiDio, Linda Elliott, Eileen Giardino, Stephen Longo, Sidney MacLeod, Janine Mariscotti, Lynn Miller, Marc Moreau, Richard Mshomba, Jacqueline Pastis, Elizabeth Paulin, Scott Stickel, Jeannie Welsh, Bonni H. Zetick

**Excused:** Jacqueline Pastis, Stephen Smith

**Guests:** Peggy McCoey, Marjorie Allen, William Price, Thomas Straub, Joseph Volpe (newly elected Senators)

The meeting was called to order at 9:05 a.m. by President Paulin. A moment of silence was observed in memory of Brother Chip Echelmeier.

**Approval of Minutes of Meeting of March 22, 2005**

The minutes of the Faculty Senate meeting of March 22, 2005 were approved by a vote of 11-0-7. The April 21, 2005 minutes will be available for approval at the first meeting of the Senate in the fall of 2005.

**Farewell to Departing Senators**

The Senate bid farewell to the following Senators ending their service to Faculty Senate with this meeting: Rich DiDio, Linda Elliott, Eileen Giardino, Stephen Longo, Sidney MacLeod, Richard Mshomba, and Jeannie Welsh.

These Senators were thanked for their service to the Senate, the faculty, and to the University.

**Committee on Committees—Committee Assignments (Executive Session)**

In Executive Session, the Senate made faculty appointments to committees for 2005-06, with two exceptions. The Senate deferred making appointments to the Curriculum Committee until there is further discussion on the pilot program. The Research Leave Committee appointments were also deferred until further discussion of the make-up of that committee. These appointments will be made in the first meeting of the 2005-06 Senate in the fall.

**Sabbatical Program – Assessment & Recommendations**

The Senate received a report from Susan Borkowski, representing the Faculty Senate Committee on Academic and Faculty Affairs, who have been studying the current Sabbatical Program. The Committee conducted extensive background research. In addition to collecting data, Jacqueline Pastis, chair of the committee, met with the chair of the Sabbatical Committee, the Provost, and with interested faculty who previously raised concerns about the sabbatical program.

The Committee presented a listing of faculty divided into those with 15+ years and those with less than 15 years service. The Committee made a recommendation that would in their view accomplish the following results:

- Award twelve sabbatical leaves annually (this has not been the case in the last few years)
- “catch up” faculty with lengthier terms of service who have been waiting for a 2nd sabbatical leave for as many as twenty years
- reduce the time faculty wait for a first sabbatical leave to a maximum of ten years

FACULTY SENATE
Minutes of the May 9, 2005 AM Meeting

The Committee also made a recommendation that faculty must return to the University for at least two semesters following a sabbatical leave. The Committee recommended that the sabbatical policy be re-written, stressing that the sabbatical is prospective, i.e., an investment in the faculty member with an expected return for the University, and not a reward for service. It was also noted that the sabbatical leave process is competitive; chairs should help faculty write the request to reflect the investment in the University. Also, the relationship between sabbatical and research leave needs clarified; are they independent of each other?

The Senate asked for a listing of how many sabbaticals were taken in the last few years. A further issue is administrative as well as faculty sabbatical leave.

There was much discussion of the recommendations from the Committee. As a result, the Senate decided that alternative proposals should be put forward for evaluation and review -- from Senators, from the University’s Sabbatical Committee, and other interested faculty. Susan agreed to meet over the summer and to ask Jacqueline Pastis also; Marc Moreau expressed interest in meeting with the committee, and in developing a proposal of his own. The Committee was also asked to inquire if one of the newly elected Senators who has shown great interest in the sabbatical program would be interested in submitting a proposal and in meeting with the committee. This issue should be on the agenda of an early meeting of the Senate in 2005-6. The President thanked the committee for their diligence and hard work on this important topic.

Goals articulated at opening faculty meeting

President Paulin reviewed the goals that she articulated at the opening faculty meeting in August, 2004. Much has been accomplished this year, thanks to Senators and other faculty who have served the University in many ways.

-Importance of increasing salaries
  FAP has continued to work on this, along with Brother President and with the Vice President for Business Affairs. Suggestions were made at this meeting regarding benchmarks for the phone survey conducted in the fall. The Chronicle of Higher Education also remains a source of information. We were disappointed to learn that part-time faculty did not receive the increase for 2005-6 that full-time faculty received. The Financial Affairs Planning Committee (FAP) is being asked to raise this issue in upcoming discussions for 2006-7.

-Health care costs
  The objective was to slow the rate of increase. Flexible spending accounts have also been emphasized.

-Intellectual property rights
  Gerald Ballough represents Faculty Senate on the University-wide committee that is studying this issue. Two distinct philosophies are being debated. Gerald will update the Faculty Senate on the work of this committee at the next Senate meeting. The committee has completed their work for this year.

-Student Evaluation Forms
  The Executive Committee of the Faculty Senate will meet with the Provost in the summer of 2005 to work out a process for assessing the new student evaluation forms piloted in spring, 2005.
- **Faculty development regarding the Clery Act, the Buckley Amendment, and others**
  Workshops were held in 2004-5 regarding faculty responsibilities in these areas. We are asking that this content be added to faculty orientation. Chairs’ responsibilities in this area also should be explored.

- **Shifting of locus of governance to faculty**
  Academic Affairs and Tenure and Promotion were suggested as committees to look at in the future for restructuring, following the model used in 2004-5 for the Curriculum Committee, in which the effort is to eliminate unnecessary redundancies that impinge upon the time of the Deans and Provost and move decision making to faculty.

- **Enhance the visibility of the Senate and increase faculty interest in Senate matters**
  The Senate accomplished progress in this area in several ways: the dedication of memorial plaques, the co-sponsorship along with the President’s Office of the forum on Catholic Identity, and the distribution of highlights following each Faculty Senate meeting, prior to the availability of approved minutes. As one indicator of success in this area, faculty voting in the annual Senate election process increased this year.

- **Strengthen the sense of collegiality and community that make us “La Salle”**.
  Through the aforementioned dedication of memorial plaques and the co-sponsorship along with the President’s Office of the forum on Catholic Identity the Senate sought to achieve this goal. During the next academic year we intend to continue our dialog on Catholic identity and the practical ramifications for faculty, chairs, directors, etc. Next year the Senate will also take the lead in sponsoring self-supporting receptions and forums.

**May 7, 2005 meeting with the Council of Deans**

President Paulin reported on the May 7, 2005 meeting with the Council of Deans that she attended. Issues discussed included:

- uniform assessment standards and academic rigor for travel-study courses;
- the importance of faculty participation in commencement events;
- plans to assess of the role and responsibilities of the soon departing assistant provost’s position - an assessment that may possibly lead to a restructuring of duties, and hence affect how and when the vacancy will be filled;
- the smaller than expected student enrollment for the Class of 2009 and the likely impact on the budget; and
- the Council of Deans retreat over the summer of 2005 that will largely focus on the new College of Continuing Education and Professional Studies.

**Vice-President for Business Affairs Hire**

The Vice-President for Business Affairs has been hired and will be invited to an early meeting of the Faculty Senate in 2005-6.

**Academic Integrity Survey**

The plan for follow-up on the Academic Integrity Survey was discussed. It appears that an Ad Hoc Committee will be formed. Student concerns seem to be centered on the lack of consistency in faculties’ expectations and education around those expectations. There appears to be little current interest in an honor code where students would have to police themselves. Further information on this will be forthcoming as available.

Respectfully submitted,

FACULTY SENATE
Minutes of the May 9, 2005 PM Meeting

Present: Marjorie Allen, Gerald Ballough, Janice Beitz, Susan Borkowski, David Cichowicz, Marianne Dainton, Peggy McCoey, Janine Mariscotti, Lynn Miller, Marc Moreau, Elizabeth Paulin, William Price, Mark Ratkus, Scott Stickel, Thomas Straub, Lynne Texter, Bonni H. Zetick

Excused: J. Pastis, P. Joglekar, S. Smith, J. Volpe

The meeting was called to order at 1 P.M. by President Paulin.

The Senate welcomed the following newly elected members:

Peggy McCoey, Beth Paulin, William Price, Scott Stickel, Tom Straub, Lynne Texter, Joseph Volpe, Marjorie Allen (2-year replacement), and Praf Joglekar (1-year replacement)

Election of Officers & Assignment to Senate Committees (Executive Session)

The Faculty Senate elected the following officers (who serve as the Executive Committee of the Senate) for 2005-6:

President                                               Beth Paulin (2nd year of a two-year term)
Vice President                                          Marianne Dainton
Representative to University Council                    Janice Beitz
(1st year of 2-year term)                               Marc R. Moreau
Representative to University Council                    Scott Stickel
(2nd of 2-year term)                                   Secretary                                               Bonni H. Zetick
Chair of Financial Affairs
Committee & rep to University Council
Secretary

The duties of the officers were summarized as follows:

President—presides at all meetings, calls Executive Committee meetings as needed, represents Faculty Senate in the University
Vice President—represents Faculty Senate on the Academic Affairs Committee, oversees the Faculty Senate election process, fills in for the President or Secretary as needed, arranges for Food Services for all Faculty Senate meetings and functions
Secretary—takes minutes, distributes draft minutes to Senators, posts approved minutes on portal and notifies faculty of availability of minutes, submits approved minutes to Campus News, notifies faculty of Faculty Senate meeting schedule

The Executive Committee meets with the Provost twice a year.

The Senate also organized our standing committees for 2005-6, with the following membership:
Faculty Senate Listing of Committees for 2005-6

Goals for 2005-6

The following goals were discussed for next year:

- Revision of Senate Election Procedures and Implementation
  - Some Senators who have had experience with the Senate Election process will convene over the summer to review procedures and draft recommendations for any changes indicated

- Revision of Sabbatical Program
  - The Senate Committee on Academic and Faculty Affairs will continue to work on a proposal for the Senate’s consideration at an early meeting in the fall of 2005. Others are invited to submit proposals, including the University’s Sabbatical Committee. It seems clear that for many reasons, some of which remain unknown, twelve sabbaticals have not been awarded annually in recent years. The role of the chairs was also discussed, specifically in helping faculty prepare applications for this competitive process and for helping faculty demonstrate the investment to the University that the sabbatical entails.
(Faculty Senate: May 9th PM continued)

Complete work on Student Evaluation Form
- Lynn Miller has graciously agreed to work on quantitative analysis of data from the new Student Evaluation Forms from faculty who volunteer to submit them to her; more on this later; we are not yet ready to receive forms. We are also interested in qualitative analysis.
- Peggy McCoey has graciously agreed to convene the Student Evaluation Form Committee over the summer to review recommendations made for revisions, and to report back to the Faculty Senate.

Continue discussion of La Salle as a Catholic university
- The Senate intends to follow up on the beginning dialogue held this year; students will also have thoughts in this area and we may want to include them in 2005-6 discussions on this topic

Assess student “Withdraw” policy and (if necessary) recommend change
- Questions have been raised by some faculty about this policy. We will ask the Senate Committee on Student Affairs and Campus Life to look into this matter and come up with recommendations for the an early meeting of the Senate in the fall of 2005.

Assess the criteria for Leaves & Grants, the decision making process, and the make-up of the committee
- We will follow up on discussions begun this year; specific questions raised include how qualitative and quantitative research are received by the Committee, and the relationship between sabbatical leave and research leave.

Other?
- The following issues were identified for further discussion in 2005-6:
  - part-time faculty salaries—they received no increment for 2005-6. We will be asking the Financial Affairs Planning Committee (FAP) to address this issue, as we thought we were representing all faculty, and that all faculty were linked to the same outcomes in the budgetary process. We will also be looking to Chairs to share their experiences in budgetary issues related to recruitment and retention of part-time faculty; a corrected Faculty Contract Factors & Part-time Scales for 2005-6 will be distributed to faculty. (Revised 5-12-05)
  - Faculty’s role in program development—currently it does not appear to be strong; should faculty play more of a role earlier in the process before new programs are finalized?
  - Review of the Pilot Program with the Curriculum Committee; what issues have to go to the Curriculum Committee? Who looks at new courses, number of credits being offered in courses, travel study, tuition, student scheduling? How has the pilot program worked and has it really led to increased faculty governance?
  - identification of other committees to pilot governance changes for 2005-6; Academic Affairs and Tenure and Promotion were suggested to consider; the make-up of the Research Leave Committee has been faculty and the assistant provost; would that continue?
  - The Academic Calendar, including the starting date for classes in both semesters and graduation on Mother’s Day (suggested for the agenda for a summer 05 retreat with administration)
  - Non-tenure track positions, and the process by which non-tenure track faculty become eligible for tenure track positions
  - The M-W-F, T-TH class schedule
  - The core curriculum
(Faculty Senate: May 9th PM continued)

Other (continued)

- Expectations for faculty which seem to be changing in emphasis and expectation from teaching to teaching & research (scholarship)
- Final exam schedule and dates that grades are due
- Should faculty have to pay to attend University events?
- First-year advising—should only faculty conduct academic advising?
- Promoting a culture at the University that emphasizes academics
- Enforcement of parking restrictions, including the new definition of director as it applies to eligibility for main campus parking privileges
- The suggestion was made that the President of Faculty Senate try to attend school faculty meetings to explain more about the workings of Faculty Senate and to enlist faculty support

Guest: Dr. Charles Barletta

Dr. Charles Barletta, Dean of the College of Continuing and Professional Studies, was our guest for the remaining part of the afternoon session, and discussed with us his thoughts on the vision, mission, and organizational structure of the College. Dr. Barletta presented a handout that depicted the centrality of the comprehensive mission in the strategic planning and review process. Specific discussion included strategies for growing the College, relationships among the College and other schools of the University, and questions about the faculty in the new College.

The Faculty Senate urged Dr. Barletta to continue to involve the faculty in these discussions, from the earliest point on, as this College is shaped to help accomplish the mission of the University. The President thanked him for making himself available to the Senate at this meeting, and for his insightful and thought-provoking presentation.

The meeting adjourned at 3 p.m.

Daily Prayer

Why another storm?
Why more devastation?
Why more human suffering?
Our whys go unanswered
until we determine what we will do in the meantime.

Prayer moves us toward:
A compassionate “what”
that lends our hearts
and hands to God
when tragedy strikes.

Pray with groans.
Pray in silence.
Pray with actions -
but by all means pray!

There will be a daily prayer ceremony held in the De La Salle Chapel at 1:30 p.m. in memory of and solidarity with all those who have suffered at the hands of Hurricane Katrina. This ecumenical prayer service will consist of prayers, readings, and singing. The service will be 10 to 15 minutes long. Prayer will begin this Friday, September 9, and continue for five days until Thursday, the 15th of September.

Important Information from the Security and Safety Department

In recent months, there has been an increase in thefts of Audio/Visual Equipment and other types of electronic devices found on college campuses in the Philadelphia area. Unfortunately, La Salle University has not escaped being victimized by this rash of thefts.

Security and Safety, Physical Facilities, and MultiMedia Services are working together in an effort to combat and reduce the occurrences of these types of thefts on our campuses. However, in addition to employing additional measures to secure equipment, assistance from the entire campus community is essential.

Please keep the following tips in mind in regard to keeping University equipment safe from theft:

1) Do not leave University's equipment, that has been loaned to you (signed out), unattended. This is most important as it concerns portable equipment. For example, projectors and laptop computers. Return equipment promptly after use.

2) Do not prop open doors. Security systems employed to restrict access to certain rooms and areas are defeated when personnel prop open doors.

3) Administrators and supervisors are encouraged to request that access be granted to specialized rooms and areas for those on their staff that require it.

4) Report any unauthorized individuals that are observed within buildings or restricted access rooms to Security immediately (×1300).

5) Ensure that private offices and conference rooms are locked and secured when not in use.

6) REMIND OTHERS about these tips!

Please be mindful that the responsibility for safeguarding University property is a shared responsibility among all the members of the La Salle Community.
