Dear Members of our La Salle Community:

**Do you know student leaders who are outgoing and could represent La Salle University in a professional manner at University functions?**

The Explorer Ambassador Program is designed to promote La Salle University to students, parents, alumni, and friends of the University. They have been representing La Salle at university functions including alumni receptions, Homecoming, Reunion, Parents’ Weekend, and other special events designated by the Ambassador Executive Board.

The Explorer Ambassador Program has enhanced the leadership and organizational skills of our students. In addition, the program has allowed students to develop communication and interpersonal skills, network with alumni, parents, and friends of the university and strengthen their sense of pride as a La Salle Explorer!

Please encourage your student leaders to apply! For more information, students can check out the Ambassador webpage at [www.lasalle.edu/advancement/ambassadors](http://www.lasalle.edu/advancement/ambassadors). Applications and information packets are available now online at the website or students can pick them up in the Office for University Advancement on the 4th floor of the Administration Building. There will also be four Ambassador Information Sessions on the following dates:

**Completed Applications and recommendations will be due on March 17th.** Please forward all recommendations to Zach Brown at Box 809 or to explorerambassadors@hotmail.com.

We look forward to hearing from you! Thanks for your help.

Sincerely,

Katie O’Connor          Zach Brown

La Salle University Explorer Ambassadors

The Explorer Ambassador Program was designed to promote La Salle University, its interests, goals, and traditions, to students, parents, alumni, and friends of the University. Student Ambassadors help these various groups remain connected to La Salle by functioning as liaisons. The Explorer Ambassadors will represent La Salle at university functions including alumni receptions, homecoming, reunions, Parents’ Weekend, and other special events designated by the Ambassador Executive Board. They are committed to the proposition that students' involvement in and support of La Salle University should not end with graduation.

12:30 p.m., McShain Board Room

Senators Present: Elizabeth Paulin, William Price, Gerald Ballough, Scott Stickel, Marianne Dainton, Prof Joglekar, Thomas Straub, Joseph Volpe, Marjorie Allen, Janice Beitz, Janine Mariscotti, Lynne Miller, David Cichowicz, Marc Moreau, Jacqueline Pastis, Deb Yost, Bonni H. Zetick

Excused: Margaret McCoey, Lynne Texter

Guests: Dr. Richard Nigro, Provost, and Dr. Joseph Ugras, Dean, College of Professional & Continuing Studies

Minutes

Minutes of Faculty Senate meetings of November 10, November 29, and December 13, 2005 were approved, with a correction of the spelling of a Senator’s name.

Update on The Faculty Salary System: Revising Its Policies & Procedures

President Paulin announced the following appointments by the Faculty Senate to the Task Force that will be making recommendations to Brother President regarding the faculty salary system:

Janice Beitz, Marianne Dainton, Janine Mariscotti, James Smithers, Joseph Volpe

These faculty will join the Provost, the Dean of the School of Arts & Sciences, the Vice-President for Business Affairs, and Brother Joe Willard. (See the minutes of December 13th for the committee charge.)

The College of Professional & Continuing Studies: Q & A with Dr. Richard Nigro, Provost, and Dr. Joseph Ugras, Dean

At this point in the meeting, Drs. Nigro and Ugras joined the Senators for a discussion on the College. In introductory remarks, the Provost noted that the basis for the development of the College and therefore for this discussion is the Adult Education Proposal. Existing programs will remain where they are with few exceptions. The College will be able to provide administrative support, including advising, should the departments want this assistance.

Both the Provost and the Dean expressed their intentions to work with the departments and to support existing programs while trying to develop new programs that will enhance the University’s offerings and extend opportunities to students twenty-eight years and older. Day students will not be permitted to enroll in College accelerated courses. The departments may still offer courses in the evening. The College “does not own the evening.”

Specific items discussed included:
• Some programs currently offered in the evenings are being reviewed to examine how they could be updated to attract more students

• The designation of College conveys that this entity will have increased autonomy compared with a School, yet all are part of the overall University

• The role of Graduate education in the College has not been determined

• Faculty development will be important in the College. Adult education requires specific pedagogical strategies, particularly if offered in accelerated formats. Distributed education, on-line courses, and course management tools, such as WebCT, will be important in the College.
  o A Senator expressed the view that the College could offer the University a tremendous service by installing Smart Classrooms across the campuses, so all could take advantage of them

• There was discussion of the budgeting process for the College, and the impact on the Schools.
  o The Provost noted that the University expects to make an investment in the College, which should result in a return that will enhance revenues and better enable the University to carry out its overall mission. The expected full-time enrollment of day students will not be sufficient in upcoming years to permit the University to effectively carry out its mission. The expectation and intent are that the College will be successful.

• Many College offerings will be at the Bucks Center
  o The view was expressed by a Senator that the 20th & Olney location should continue to be important in College planning, given the tradition of opportunities extended by the University to this area and its residents and the continued need for these opportunities

• The number of tracks in General Studies is being reduced

• An expert is looking at marketing and course offerings

• A Curriculum & Standards Committee, an advisory committee, will review new credit-bearing courses and programs. New credit-bearing programs will also be reviewed by Academic Affairs and University Council. The University Curriculum Committee will not be involved in this process.

• The Dean is currently reviewing other University programs to get a sense of what is there and where opportunities might exist

• Degree completion as well as non-credit programs will be offered in the College.

• Departments currently offering non-credit programs will be encouraged to continue to do so, with administrative support being available through the College and academic ownership remaining with the Schools/Departments

• There will be a review of what degree will be awarded by the College for a degree completion program and whether it should be designated as from the College; currently the plan is to award the same degree as that currently awarded by the Schools
• Current programs offered abroad will be administered through the College, but academic ownership will remain with the Schools/Departments; this includes the Swiss MBA, and the Communication Graduate Program in Athens and in Prague.

• The relationship between the Departments and the College in regard to the College’s establishing new degree program, and the hiring of faculty for those programs, was discussed.
  o A Senator expressed that if the College begins any new degree program that is similar to an existing program that faculty in the current department should be consulted upon the hiring of faculty for the College.

• The relationship of College faculty and faculty from the Schools.
  o The College will be hiring faculty; most will be part-time; some may be full-time, non-tenure track, if that is determined to be a need.
  o A Senator expressed the view that down the road there may be a need to increase the number of sabbaticals awarded annually (currently twelve) if the College hires full-time, non-tenure track faculty (they are eligible for sabbaticals under the current policy); at this time it is not known if or how many full-time, non-tenure track faculty will be needed in the College.
  o The adjunct pool may need to be expanded with the Schools and the College looking to hire part-time faculty.
  o A Senator expressed the view that the Dean of the College should be respectful of faculty time regarding administration related to College offerings.
  o The relationship between any full-time College faculty and the Faculty Senate has not yet been determined.
  o There will be opportunities for faculty from the Schools/Departments to teach in the College; efforts will be made to have one Faculty Handbook for all faculty, perhaps with specific sections for varying needs of College & School faculty.
  o A Senator expressed the view that there should be a relationship between College faculty teaching content similar to the Schools and faculty of the Departments/Schools (recognizing that there is no intent of the College to compete with the Departments/Schools).

President Paulin thanked the Provost and Dean for this opportunity to have a dialogue with them regarding the College.

Executive Session—Faculty appointments to College of Professional & Continuing Studies “Curriculum & Standards Committee.”

Following the presentation of the Provost and the Dean of the College of Professional and Continuing Studies, the Senate met to discuss the appointment of faculty to the Curriculum & Standards Committee. The Senate voted to make two appointments to the Committee.
Proposal to Revise the Current Sabbatical Policy

President Paulin presented a sabbatical plan designed to address equity issues between faculty waiting for a second sabbatical and those awaiting a first. No vote was taken at this meeting, but the President asked that Senators give her the go ahead to revise the current policy according to the plan she laid out. The Senate agreed and the President stated that she will submit such a revision to the Senate for their feedback prior to the next Senate meeting.

Next Meeting

The Faculty Senate will meet on Thursday, February 21, 2006, in McShain Board Room, from 12:30-2 p.m.

With the exception of executive sessions, all Senate meetings are open to all faculty members.

Please feel free to bring your lunch. Refreshments will be available throughout the meeting.

Division of Student Affairs

Student Affairs Committee- January 24, 2006

Members Present: Dr. Joseph Cicala (chair), James Brightman, Dr. Claire Busse, Chris McKeever, Dr. Lane Neubauer, Erin Oakes, Dr. Patrice Oppliger, Benjamin Traino. Guest: Dr. Robert Chapman.

1. Mr. McKeever led us in a moment of prayer and reflection.

2. Dr. Cicala reported that Director and Assistant Director of Security and Safety Art Grover and John Gallagher will be our guests at our next meeting, to outline and discuss proposed revisions to student parking policies.

3. Our guest, Dr. Robert Chapman, made a comprehensive report on the activities of the Alcohol and Other Drug Program (AODP), for which he serves as Coordinator. The AODP was the first Division of Student Affairs program studied, by the divisional Leadership Team, using the Council for the Advancement of Standards (CAS) guidelines, before that ongoing project was assumed by our committee in 2004. Among the highlights of Dr. Chapman’s report:

- there have been steady increases in the number of non-judicially mandated student contacts over the past several years, even as the number of judicially-mandated contacts also has risen, in part due to the increases in fines approved by our committee;

- at the same time, there have been steady increases in the amount and sophistication of the AODP’s proactive educational efforts, including a variety of “public service announcements,” some courtesy of The Collegian, and the “Cover for a Prof” Program, in which AODP staffers are available to do alcohol and substance use/abuse education in the classes of instructors who may be absent;

- and there has been, as well, a steady increase in the degree and complexity of cooperative educational efforts with Intercollegiate Athletics and Recreation.

Dr. Chapman also advised us of the upcoming biennial administration of the CORE Alcohol Survey and that 2006 is a year for the preparation of the biennial report on alcohol and other drug education and related efforts required of the University by the federal Drug Free Schools Act. Additionally, there are some very, very preliminary discussions underway between Dr. Chapman, Dr. Neubauer, Dr. Cicala, and others in regard to developing and providing greater supportive services for students in recovery from alcohol and other drug problems.

Committee members offered a variety of comments and suggestions, and it was agreed that our committee will continue to serve as a campus-wide oversight group for the AODP, as we are for other Division of Student Affairs programs and services, and that Dr. Chapman will make regular reports and updates at future meetings.

4. Dr. Neubauer led a brief discussion, in which all members present apprised us of their and/or their subcommittees’ work on various parts of the task, in regard to our progress to date on our CAS-based study of judicial services. As complete a draft as possible of the full report will be made available to all members prior to and for discussion at our next meeting.

5. Dr. Cicala shared with us the draft language of application guidelines for Residential Learning Communities, to be incorporated into the Housing Selection Process that is about to begin for 2006-2007. Discussion yielded several helpful suggestions and consensus indicated that the idea, based upon the research conducted and shared with our committee last semester, is one that has potential value for our students and is worthy of pursuit.
