La Salle University Cares.

Over 1,700 La Salle students perform over 100,000 hours of service to the community annually.

From tutoring neighborhood children to home building in Appalachia over spring break. From student teaching at area schools to cleaning up in the community. From service-learning courses in the curriculum to charitable activities of more than 110 student organizations. La Salle students are living the vision of Saint John Baptist de La Salle, the founder of the Christian Brothers, by touching the hearts of others.

La Salle University awards 20 half-tuition scholarships each year for Community Service leaders.
