La Salle University recently launched a comprehensive alumni data verification project.

We've assembled the information currently listed in our alumni files and now need your help to confirm the accuracy of your data and fill in any information gaps.

Up-to-date alumni information is essential for developing career placement guides to benefit our students and alumni as well as determining our ranking in national evaluations.

That's why it's so important to call.

Please call << UserDefined4 >> (toll free) to take care of this important matter today.

We are also collecting stories from our alumni to memorialize the history of the campus experience through the years.

Please call to verify your data and share your story!

You will always be an Explorer.

Sincerely,

A handwritten signature in black ink that reads "Trey Ulrich".
