School Name Change, Effective January 1, 2006

The School of Nursing and Health Sciences

The School of Nursing and Health Sciences will debut January 1, 2006, according to Provost, Richard Nigro and Dean, Zane Robinson Wolf. Currently known as the School of Nursing, the name change highlights the various academic and healthcare programs offered within the present School of Nursing.

The name change will help differentiate the various programs for applicants and the School’s many stakeholders. The Coordinated and Didactic Programs in Nutrition, Speech-Language-Hearing Science’s (SLHS) Undergraduate, Graduate, Five-Year, and PreSLP Programs, as well as the Undergraduate Nursing Programs, Graduate Nursing Program, and Nursing Certificate and Distributive Learning Programs, reflect the University’s response to the continually increasing need for students studying health sciences.

The new name also emphasizes that each program prepares different healthcare professionals who pass licensing and credentialing examinations governing distinct, collaborative areas of clinical practice. The School also houses the La Salle Neighborhood Nursing Center, offering public health nursing services to Philadelphia and Bucks County residents, and the SLHS Community Clinic at St. Francis of Assisi Rectory in Germantown, offering speech-language pathology services to area residents.

Lasallian Reflections

Second Sunday of Advent

In St. Mark’s Gospel, we hear the word’s of John the Baptist: “One mightier than I is coming after me.” And this “One” is he whom the angel announced as “the virgin shall conceive and bear a son, and they shall name him “Emmanuel” and then continues “Which means, ‘God is with us.’”

As Lasallians, we constantly remind ourselves that God is with us when we begin our prayers and works by pausing to recall that “we are in the holy presence of God.” To what extent do we believe this, do we live this? Such a simple expression can help us realize that this world and all that it contains is not such a bad place after all, especially when we acknowledge that God is here too. And, above all, accepting the fact that God is with me, helps me focus on the fact that my own personal life can’t be that bad or insignificant. After all, Emmanuel, God is with me, God is for me!

Believing in God’s presence within us should help us to be freed of the fear and mistrust, the hatred and resentment, the jealousy and turmoil that so easily creep into our lives. Try to reflect on those qualities that can overcome these difficulties and strengthen the relationship with the God who is with us, Emmanuel.

Let us pray . . .

Loving God,
help me to rid myself of
those obstacles that distract me
from fully realizing your presence within me.
Strengthen me in my weakness.
so that your light
may be reflected in my faithfulness,
and help others to be drawn home to you.

Maranatha! Come, Lord Jesus!

PINTS of BLOOD were collected at the ♥ 2005 Fall BLOOD DRIVE ♥

Thanks to the 45 students from the Peer Educators and the Student Nursing Association who provided volunteer support for the blood drive itself. The success of the drive can be attributed to the wonderful collaboration between several groups who worked together to recruit donors and provide other support for this important event: Health Advisory Committee, Peer Educators, SNAP, SGA, IFSC and the Counseling Center Administrative staff and work study students.
Health Tip of the Month

Did you know?????

- College students are among the most sleep-deprived groups in the USA.
- Sleep deprivation reduces your ability to remember new information.
- Driving while tired is as dangerous as driving while drunk.

Sleep is as important as food, water, and air!!!! Commit to a regular sleep schedule and get your zzzzzzzzzzzz.

La Salle University Health Advisory Committee
HEALTH ADVISORY COMMITTEE MEETING
November 18, 2005

Present: Co-chairs: Lane B. Neubauer, Dina Oleksiak; Members: Andrew Beverly, Luis Guerra, Christina Lumbera, Chris McKeever, Angie Marfin, Mary Anne Peters, Marc Cantwell, Scott Tajarian, Reanne Richard
Absent: Anne Bullard, Mary-Ellen Miller

I. Fall 2005 Blood Drive
   a. This was the most successful blood drive yet. 249 students, staff and faculty presented at the Blood Drive. From these 249 individuals, 177 usable pints of blood were collected
   b. Over 45 students from the Peer Educators and the Student Nurses’ Association of PA (SNAP) provided volunteer support at the actual blood drive.
   c. Several organizations and individuals worked together (coordinated by the Health Advisory Committee) to help recruit donors; these included Peer Educators, SNAP, SGA, IPSC, the Counseling Center Administrative Assistant and work study students

II. Smoking Issues
   a. The committee looked to see if there is notable ‘no smoking’ signage and only found this in Holcroft. **Recommendation:** Post “No Smoking” signs at the entrances to buildings. These signs were designed by University Communication and were ready to go last year after the smoking policy was changed to not allow smoking inside University buildings. However, the Business office needs to give approval and this has not happened yet. The committee will follow up on this recommendation to see if progress can be made in having the signs posted on building entrances.
   b. The Health Advisory Committee subcommittee on smoking noted that some ashtrays have been moved away from building entrances but many still are located at doorways which creates a situation in which people entering the building must walk through a cloud of smoke when they enter the building. **Recommendation:** move ashtrays at least 15 – 20 feet away from building entrances.

III. Healthy Objectives 2010
   a. Physical Activity:
      i. A channel is being created on the Portal - FITNET – which will announce physical activities which La Salle University community members can participate in (Angie Marfin coordinating this)
      ii. The Health Advisory Committee will plan kick off events in the beginning of Spring Semester to encourage University members to increase their physical activities.
         1. A walking routine on a set day around the track
         2. Exercise classes (in conjunction with Peer Educators who are planning a week of ‘wellness’ programs
   b. Nutrition:
      i. A FITSMART icon is being created to place on items in the food venues to note a ‘healthy’ item to select.
      ii. Slogan (draft) will be “choosing ‘FITSMART’ items provides you with nutrition for your active life”
      iii. This is a joint effort between the Health Advisory Committee (Scott Tajarian, Dina Oleksiak) and the Nutrition Department (Julie Heusmannberg and Heather Pochter)

IV. AOD issues – committee will be meeting with Robert Chapman next week

V. Flu shot update:
   a. 250 employees and 350 students have received flu shots
   b. Thanks to the Business office who financed the employee flu shots.

VI. AIDS/HIV anonymous and confidential testing for students
   a. There will only be one testing day other than 2nd this academic year as the agencies in Philadelphia who have provided this in the past have cut back their services due to lack of funding.
   b. Testing will occur early in the Spring Semester

VII. Health Tip of the Month
   a. The Tip this month addresses sleep deprivation.
   b. Mary Anne Peters will be placing the health tip on the portal, in campus news and will try to get it into the Collegian.
   c. December’s tip will address Stress Management

VIII. MRSA update
   a. There continues to be active cases on campus. Student Health Center has been in constant contact with the Philadelphia Health Infectious Disease Department. The latter has made recommendations which the University is actively following through on.
   b. A meeting will be held this afternoon that will be chaired by Dr. Cisala, Dean of Students, and will involve the Chairs and members of the Health Advisory Committee (Dina Oleksiak, Lane B. Neubauer, Mary Ellen Miller), Director of Human Resources (Margaret Walsh), Athletics (Bill Gerzbeck, John Lyons), Physical Facilities and Custodial Operations (Ralph Carey, Mike Gilbert), Administrative Services (Jeff Hershberger), Community Development (Amber Mullen), University Communications (Joe Donovan) and Dr. Mike Lalor (University Consulting Physician) and Dr. James Dean (Philadelphia Department of Public Health Infectious Disease Physician). The purpose of this meeting is to assure that La Salle is doing everything it can to address this issue i.e. review previous recommendations from the Phila. Department of Health and see if there are any additional recommendations.

Respectfully submitted by Lane B. Neubauer Ph.D.
