The Lasallian Distinguished Educator Award 2009-10

The Lasallian Distinguished Educator Award is given annually to honor the men and women who have put into practice St. La Salle’s vision of committing oneself to the real needs of students. Each year, Lasallian schools across the nation are invited to name honorees and in this way preserve the memory of the Founder and work of The Institute.

The Lasallian Distinguished Educator Award Review Committee, which makes recommendations to the President, invites the campus community to submit nominations for the 2009 award. I am writing on their behalf. I ask that you submit the name of anyone whom you feel meets the qualifications for this award as described on the reverse side of this letter. A statement in support of the candidate should accompany the nomination.

All faculty, staff and administrators are eligible for consideration. In most years, we have named honorees whose work is related to a unifying theme proposed by the Regional Education Board (REB) of the Christian Brothers Conference. This year, the REB's theme for the award is honoring those who “are ministering to children and families in crisis.” All of us know La Salle faculty and administrators who have assisted students in crisis – crisis in all of its various forms – or who have educated and advocated on the topic.

I ask that you submit your nominations to me by April 17 either via campus mail (box 801) or via e-mail. Should you have any questions regarding this award, please feel free to contact me.

Thank you,

Ray Ricci

The Lasallian Distinguished Educator Award

The Lasallian Distinguished Educator Award is given annually to honor the life, the vision, and ideals of St. John Baptist De La Salle, the namesake of the University, the founder of the Christian Brothers, and the patron saint of teachers.

The award is given to those who exhibit in their daily lives a commitment to Lasallian priorities and traditions: the paramount importance of teaching in a values framework; of working together to build genuine community; of service and sensitivity to the needs of others particularly the poor and marginalized; of demonstrating respect for the uniqueness of the individual student. This award recognizes those who have opened their hearts and minds to these ideals and devoted themselves to this work.

Award winners build others up and encourage the heart. They teach by example. By doing so, they help colleagues and students experience the University's heritage and its distinctive Lasallian character. To paraphrase the words of St. La Salle, they “put into practice what we want our students to believe.” As a result, they continue to give life to the values that have animated and sustained the University.

Because the University believes that all members of its community contribute to an environment in which we “touch the hearts of students,” the Lasallian Distinguished Educator Award is open to faculty, staff and administrators. Previous honorees are not eligible for consideration.

April Health Tip of the Month
Dealing with Seasonal Allergies

- Check the pollen forecast and consider indoor activities if pollen count is high.
- Keep a journal of your allergies to find out when and where they are the worst.
- Remember—pollen loves hot, dry and windy days!
- Use air conditioning to cool the air instead of opening windows.
- Shower and wash your hair after spending time outdoors.
- Wear a pollen-filtering mask if you must do yard work.
- Bathe pets frequently as pollen will stick to their hair/fur.

Symptoms of Seasonal Allergies include
- Congestion
- Sneezing
- Itchy or Runny Nose

Health Advisory Committee Meeting
April 2, 2009

Present: Co-Chairs Lane B. Neubauer & Dina Oleksiak; Members: Stephen Andrilli, Matt Gionta, Katelyn Joyce, Jeff Lyons, Greg O’Shea,
Absent: Kerry Corato, Arlene Dallery, Mike Gilbert, Meryle Gurmankin, Karen Kostelny, Matt Pini, Megan Rossi, Cheryl Rush

I. Spring Blood Drive
   a. New location: Dunleavy Room – scheduled for April 20 – 21.
   b. Schedule of donor recruitment tables given to the HAC committee – HAC volunteers to staff the HAC tables lined up

II. Health Fair Debriefing
   a. Estimated that @ 300 in attendance
      i. Approximately 95 individuals had their glucose and cholesterol levels screened.
      ii. Approximately 60 individuals took advantage of the chair massages.
   b. Steve Andrilli tabulated the evaluations and handed out a summary of the results.
      i. Excellent feedback – no negative ratings were recorded.
      ii. 69% of respondents stated they would use the information from the health fair to “…to monitor [their] health” and 56% stated “…to improve [their] health”.
   c. The HAC discussed improvements to incorporate for next year’s Health Fair
      i. Keep massage therapists in center of the Ballroom and demonstrations on the stage (with better sound system if possible).
      ii. Move Food Vendors to back of Ballroom to prevent visitors from getting food and leaving without visiting the Health Fair information booths.
      iii. Obtain a “clicker” form catering to keep track of numbers of visitors to the Health Fair to get a more accurate count of how many people attended the Health Fair.

III. Health Tip for April
   a. The topic will be “Allergies.”
   b. Student Nurses Association of Pennsylvania will work with the HAC to come up with the text which will then be converted into a poster and portal announcement.

IV. Smoking Survey
   a. As of this meeting, over 1200 individuals had taken the smoking survey. Of these 74% were students with the remaining 26% being faculty/staff. 82% were non smokers and 18% were smokers.
   b. The survey will stay live until Monday April 6 at which time it will be shut down. Preliminary results as of today’s meeting indicate the following.
      i. 63% of respondents “strongly agree [39%]” or “agree [24%]” that they are “bothered by walking past smokers due to being exposed to second hand smoke” with 23% stating that they “disagree[13%]” or “strongly disagree [10%].”

(Continued on the next page)
(Continued from the previous page)

c. The survey will stay live until Monday April 6 at which time it will be shut down. Preliminary results as of today’s meeting indicate the following.

i. 63% of respondents “strongly agree [39%]” or “agree [24%]” that they are “bothered by walking past smokers due to being exposed to second hand smoke” with 23% stating that they “disagree [13%]” or “strongly disagree [10%].”

ii. 61% of respondents “strongly agree [35%]” or “agree [26%]” that “smoking at entrances to buildings is a problem” with 24% stating that they “disagree [14%]” or “strongly disagree [10%].”

iii. The 282 comments attached to the survey were extremely polarized with several comments expressing gratitude that the HAC was addressing this issue, that respondents felt smoking impacted negatively the beauty of the campus (i.e. butts on the ground), and that it gave a poor impression of La Salle to visitors (groups of smokers outside building entrances). On the other hand, many respondents wrote that “smokers have rights” and that smokers shouldn’t be “treated like second class citizens.” Finally, several comments addressed that there needs to be repercussions if someone does not follow whatever policies are put into place or else these will be non effective.

d. A complete report of survey results after the survey is shut down will be distributed to the campus community via Campus News and the Portal.

e. The HAC spent a long time discussing what to recommend and the most effective way to move the recommendations forward.

i. All members agreed that any recommendations should be accompanied with pro-active education/awareness campaigns and smoking cessation programs.

ii. It also was consensus that recommendations need to be presented in a way that communicates the Health Advisory Committee’s commitment to La Salle being a positive, healthy community in which its members value and respect each other as well as the beauty of the campus.

iii. Additional recommendation included any potential new smoking restrictions be phased in similar to when changes regarding smoking in offices and residences were made.

f. The HAC was unanimous in its belief that smoking is a problem on campus and that the results of the survey support the majority of Lasallians would like to see a policy that restricts smoking. However, there were varying opinions as to what the policy should be and what specific strategies would be effective in enforcing new restrictions (i.e. how to set up designated smoking areas, who should enforce infractions of the smoking policy).

g. A preliminary document will be drafted outlining the various suggestions with their advantages and difficulties to be presented at the final HAC meeting (April 23, 2009 - 3:15 p.m. - McShain Seminar Room). It will be decided at that point who this document should be forwarded to.

Respectfully submitted by
Lane B. Neubauer Ph.D., Co-Chair
