La Salle University Begins NCAA Division I Certification Program

La Salle University has begun a year-long, campus-wide effort to study its athletics program as part of the NCAA Division I athletics certification program. Specific areas the study will cover are academic integrity, governance, and commitment to rules compliance, and commitment to gender and diversity and student-athlete well-being.

Along with 47 other Division I institutions, La Salle is participating in the third cycle of certification, introduced in 1993. The certification program’s purpose is to help ensure integrity in the institution’s athletics operations. The program opens up athletics to the rest of the University community and to the public. Institutions will benefit by increasing campus-wide awareness and knowledge of the athletics program, confirming its strengths, and developing plans to improve areas of concern.

The committee responsible for the study include Brother Michael J. McGinniss, F.S.C., Ph.D., La Salle President; Gregory Bruce, Dean Emeritus of the School of Business; Thomas Brennan, Ed.D., Director of Intercollegiate Athletics and Recreation; Annette O’Connor, Ph.D., NCAA Faculty Athletics Representative and professor of biology; Margaret McGuinness, Ph.D., Chair of the Governance Subcommittee and professor of religion; Nancy Jones, Ph.D., Chair of the Academic Subcommittee and Director of the Integrated Science, Business, and Technology Program; Lane Neubauer, Ph.D., Chair of the Equity, Diversity, and Student-Athlete Well-being Subcommittee, and Associate Dean of Students for Counseling and Health Services; and various members of the University’s faculty, staff, and Alumni Association, as well as Department of Athletics staff.

When La Salle has concluded its study, an external team of reviewers will conduct a three-day evaluation visit on campus. Those reviewers will be peers from other colleges, universities, or conference offices. The peer-review team will report to the NCAA Division I Committee on Athletics Certification. The Committee will then determine the institution’s certification status and announce the decision publicly.

The three options for certification status are: certified, certified with conditions, and not certified. While institutions will have an opportunity to correct deficient areas, those institutions that do not take corrective actions may be ruled ineligible for NCAA championships.

The NCAA is a membership organization of colleges and universities that participate in intercollegiate athletics. The primary purpose of the Association is to maintain intercollegiate athletics as an integral part of the educational program and the athlete as an integral part of the student body. Activities of the NCAA membership include formulating rules of play for NCAA sports, conducting national championships, adopting and enforcing standards of eligibility, and studying all phases of intercollegiate athletics.

Faculty Senate Meeting
May 13, 2009 a.m.

Also attending: T. Blum, M. Dillon (Faculty Senate class of 2012)
Excused: M. Balchunis, C. Desnoyers

President Welsh welcomed the Senators to the last meeting of the 2008-09 Faculty Senate.

Guest Presentation on Financial Update
Richard A. Nigro, Provost, and Matthew McManness, Vice President of Business Affairs, provided an update to the Faculty Senate on the financial status of the University.

Approval of Minutes
The minutes from the meeting of April 16, 2009 were approved by a vote of 16-0-1.

Executive Session
The Committee on Committees led the Senate in discussion of committee appointments to University standing committees. All faculty appointments were approved unanimously by the Senate.

Non-Tenure Track and One-Year Faculty Appointments Documents
The Senate discussed the progress that has been made on these draft policies. President Welsh thanked Dr. Texter for her leadership on this committee.

The Senate asked that the sentence about “...subject to annual faculty contracts...” be removed, as this is true of all employees. The Senate also clarified that four completed semesters of teaching evaluations should be used in the first review (third year), and that all subsequent reviews should be every five years. The Senate also wanted the department and/or program involved in the review, not just the dean of the school (3rd paragraph).

This draft document was passed unanimously by the Faculty Senate with the above-mentioned revisions.

In regard to the document on one-year appointments, the following sentence had appeared in the document, but in discussions with administration is being removed:

Faculty holding one-year appointments are eligible for benefits as per the University compensation and benefits package, including retirement contributions and health insurance.

The Faculty Senate has been assured that this policy will be followed, even though this language is being removed. Based on that assurance, the Senate endorsed the policy unanimously.

Update from the University Trustees’ Retreat
President Welsh and other members of the Faculty Senate Executive Committee provided an update to the Senate on the recent Trustees’ Retreat.

President Welsh thanked the outgoing Senators for their service. Leaving the Senate at this time are C. Desnoyers, S. Longo, S. MacLeod, D. Robison, and P. Zuzelo.

Next Meeting: May 13, 2009, p.m. in McShain Board Room
