Panel Discussion of the “Essential Question,” September 24
La Salle University Begins NCAA Division I Certification Program

La Salle University has begun a year-long, campus-wide effort to study its athletics program as part of the NCAA Division I athletics certification program. Specific areas the study will cover are academic integrity, governance, and commitment to rules compliance, and commitment to gender and diversity and student-athlete well-being.

Along with 47 other Division I institutions, La Salle is participating in the third cycle of certification, introduced in 1993. The certification program’s purpose is to help ensure integrity in the institution’s athletics operations. The program opens up athletics to the rest of the University community and to the public. Institutions will benefit by increasing campus-wide awareness and knowledge of the athletics program, confirming its strengths, and developing plans to improve areas of concern.

The committee responsible for the study include Brother Michael J. McGinniss, F.S.C., Ph.D., La Salle President; Gregory Bruce, Dean Emeritus of the School of Business; Thomas Brennan, Ed.D., Director of Intercollegiate Athletics and Recreation; Annette O’Connor, Ph.D., NCAA Faculty Athletics Representative and Professor of Biology; Margaret McGuinness, Ph.D., Chair of the Governance Subcommittee and Professor of Religion; Nancy Jones, Ph.D., Chair of the Academic Subcommittee and Director of the Integrated Science, Business, and Technology Program; Lane Neubauer, Ph.D., Chair of the Equity, Diversity, and Student-Athlete Well-being Subcommittee, and Associate Dean of Students for Counseling and Health Services; and various members of the University’s faculty, staff, and Alumni Association, as well as Department of Athletics staff.

When La Salle has concluded its study, an external team of reviewers will conduct a three-day evaluation visit on campus. Those reviewers will be peers from other colleges, universities, or conference offices. The peer-review team will report to the NCAA Division I Committee on Athletics Certification. The Committee will then determine the institution’s certification status and announce the decision publicly.

The three options for certification status are: certified, certified with conditions, and not certified. While institutions will have an opportunity to correct deficient areas, those institutions that do not take corrective actions may be ruled ineligible for NCAA championships.

The NCAA is a membership organization of colleges and universities that participate in intercollegiate athletics. The primary purpose of the Association is to maintain intercollegiate athletics as an integral part of the educational program and the athlete as an integral part of the student body. Activities of the NCAA membership include formulating rules of play for NCAA sports, conducting national championships, adopting and enforcing standards of eligibility, and studying all phases of intercollegiate athletics.

Faculty Senate
September 10, 2009

Excused: P. Feden, M. McCoey

President Welsh welcomed everyone.

Executive Session
The Senate convened in Executive Session and made committee appointments which were approved unanimously.

Approval of the Minutes
The minutes of the meeting of May 13, 2009 a.m. were approved by a vote of 13-0-4. The minutes of the meeting of May 13, 2009 p.m. were approved by a vote of 17-0.

Update on Non Tenure Track document
President Welsh advised that the following sentence must be reinserted into the document in order for it to go forward: They are employed subject to annual faculty contracts prepared by the University.

The change regarding having the department/program involved in the evaluation was accepted by administration, as was the Senate’s request that following the initial review in the third year, subsequent reviews should be every fifth year thereafter. The Senate also agreed that if at such time as there is a policy for post tenure review, that the timing of the review of non-tenure track appointments would be changed if necessary to be consistent with post tenure review requirements.

Expressing strong support for the non-tenure track position, the Faculty Senate unanimously approved this document with the above-mentioned revisions.

Update on Third Year Review
This document is going to the Council of Deans. It will then come back to the Senate.

Evaluation of On-line courses
This item was deferred.

Other
In response to the president’s solicitation of possible future agenda items, an issue was raised regarding the University bookstore’s timely and accurate ordering of texts and other course materials. This matter will be pursued within appropriate administrative channels in the University.

Another issue that was raised was the Commonwealth’s document specifying number of hours of instruction required for a college credit. There was no disposition on this issue at this time.

Announcement
President Welsh advised that we are told that the University Handbook will soon be on-line and will be kept updated as revisions occur.

The meeting was adjourned at 1:45 p.m.
