Heritage Week Dinner, March 24
The Lasallian Distinguished Educator Award 2010-11

The Lasallian Distinguished Educator Award is given annually to honor the men and women who have put into practice St. La Salle’s vision of committing oneself to the real needs of students. Each year, Lasallian schools across the nation are invited to name honorees and in this way preserve the memory of the Founder and work of The Institute.

The Lasallian Distinguished Educator Award Review Committee invites the campus community to submit nominations for the 2010 award. All faculty, staff, and administrators are eligible for consideration.

In the past, where possible, La Salle has named honorees whose work reflects the annual theme proposed by the Regional Education Board (REB) of the Christian Brothers Conference. This year, the REB’s theme for the award is to honor those who have demonstrated “innovation in the teaching of science and technology.” To be clear, though, the University is not hidebound in considering nominees using only the REB’s theme. We gladly welcome nominations of those whom you feel meet the qualifications for the award as described on the reverse side of this announcement. A statement in support of the candidate should accompany the nomination.

I ask that you submit nominations to me by April 5 either via campus mail (box 801) or via email. Should you have any questions regarding this award, please feel free to contact me.

Thank you,

Ray Ricci

The Lasallian Distinguished Educator Award

The Lasallian Distinguished Educator Award is given annually to honor the life, the vision, and ideals of St. John Baptist De La Salle, the namesake of the University, the founder of the Christian Brothers, and the patron saint of teachers.

The award is given to those who exhibit in their daily lives a commitment to Lasallian priorities and traditions: the paramount importance of teaching in a values framework; of working together to build genuine community; of service and sensitivity to the needs of others particularly the poor and marginalized; of demonstrating respect for the uniqueness of the individual student. This award recognizes those who have opened their hearts and minds to these ideals and devoted themselves to this work.

Award winners build others up and encourage the heart. They teach by example. By doing so, they help colleagues and students experience the University’s heritage and its distinctive Lasallian character. To paraphrase the words of St. La Salle, they “put into practice what we want our students to believe.” As a result, they continue to give life to the values that have animated and sustained the University.

The Lasallian Distinguished Educator Award is open to all faculty, staff, and administrators. Previous honorees are not eligible for consideration.

Subject: NSSE: Last Reminder

We are in the "home stretch." Freshmen and Seniors will receive their last reminder to complete the NSSE Survey (National Survey of Student Engagement) on March 29. Approximately 33% have responded. Our goal is at least a 35% response. La Salle traditionally gets a good response!

Please remind students to check their e-mail and complete the survey.
The NSSE survey helps us to improve students' academic and campus life experiences.

Geeks, Nerds, & Techies are terms often used as pejoratives to describe social outcasts that are more concerned with technical and academic pursuits than social conventions. Popular culture depicts them using a narrow stereotype including a slight build, awkwardness, taped glasses, pocket protectors and gadgets.

In a highly technical society, why is the stereotype so negative? Given the recent popularity of movies, TV shows and apparel displaying positive depictions, perhaps the perception is shifting.

Explorer Cafés are open to all.

Winners will be announced at Around the World and need not be present to win. One submission per person, please.
