Re: New Appointment

It is my pleasure to introduce to the faculty, staff, and the La Salle community The Connelly Library’s newly appointed Head of Acquisitions & Collection Development Librarian.

Carol A. Brigham

In fact, this is a re-introduction, since Carol served La Salle as its Access Services Librarian for 7 years during the 1990’s. She has returned to us from Temple University Libraries where she was Access Services Librarian developing complex procedures for using the libraries’ new systems and technologies, while acting as the liaison for all consortial resource sharing efforts at the local, state, and national level. While at Temple she served as a union delegate to the Temple Association of University Professionals, was a member of its Negotiating Team, was Chair of its Salary Negotiating Subcommittee, and a member of its Executive Committee when she returned to La Salle in September.

In her new position at La Salle she will be coordinating all identification and acquisition of materials in support of the research collections including monographic, serial, e-book, database, and AV format materials. She will coordinate faculty liaison for these services and serve as a budgetary planning advisor to the Director of Connelly Library.

Carol is herself a 1985 graduate of La Salle’s Honors Program with a B.A. in chemistry. She received her M.S. in Information Science from Drexel in 1997. So, by all means welcome Carol Brigham back to the fold by stopping by her office on the first floor of Connelly or giving her a call at x1291.

Subject: Student Awards Nominations
Date: February 2011

Nominations for the awards described in detail below are hereby solicited and will be accepted from members of the faculty and administration through Monday, February 28, 2011. Please go to the following website: http://www.lasalle.edu/students/dean/awards/student/ and nominate a worthy graduating senior. Students nominated will also be asked to have written recommendations submitted on their behalf. Students may approach you at a later date, requesting a letter of recommendation to support this nomination. General letters of recommendation, while true, are often less helpful to the committee.

Methods of Designating Recipients
1. Any administrator or faculty member may nominate a senior for the awards.
2. To compete for an award, a senior must be nominated by an administrator or faculty member. (Nominations for Flubacher Awards will be accepted from student organizations.)
3. Any senior who deems himself/herself qualified may request a nomination for an award from an administrator or faculty member.
4. The appropriate awards committees will have the authority to adjudicate recipients from those nominated.

The Joseph F. Flubacher Student Leadership Award is offered to a graduating student who has made a contribution to the quality of student life by demonstrating significant leadership in student organizations, university governance, and/or intercollegiate athletics.

Qualifications
1. The recipient shall be a graduating senior from the Day Division of the University.
2. The student shall have demonstrated exceptional leadership skills throughout his/her university career. The student shall have significantly enhanced the membership, programs, and/or goals of a particular organization(s); made a contribution to the work of a university committee; and have had a positive impact on the general program of student life.
3. The student’s record should be free from major disciplinary sanctions, i.e. probation.
4. Academic standing will be a major consideration but will be given less weight than evidence of leadership skills and accomplishments.

The Brother Emery C. Mollenhauer Award is presented to that graduating senior who best exemplifies those Lasallian values to which Brother Emery was committed during his tenure as Provost, in particular the values of charity and justice which are hallmarks of St. John Baptist de La Salle’s pedagogy.

Qualifications
1. The recipient shall be a senior, graduating student of the University.
2. The recipient shall have demonstrated, over a period of time, a commitment to community service activities on or off campus.
3. The student should exemplify through his/her involvement in such activities a dedicated concern for the principles of peace and justice.
4. The student shall have at least a 2.5 cumulative Grade Point Average at the time of application.

The James A. Finnegan Memorial Award is offered to the member of the graduating class who by virtue of accomplishment and service is judged by the faculty to show promise of applying Judeo-Christian ideals of social justice in a political or governmental career.

(Continued on the next page)
(Continued from the previous page)

Qualifications
1. The senior to be considered for the award should offer some *prima facie* evidence of participation in political affairs on and/or off campus. Leadership and participation in other extra-curricular activities are also to be considered, though given somewhat lesser weight. There should also be some indication on the part of the senior of intent to pursue a career in politics and/or government.
2. In exemplifying ideals of Judeo-Christian social justice, the recipient should exhibit integrity and courtesy in all of his/her endeavors.
3. Ordinarily, the recipient will be in the upper half of his/her graduating class.

**The John McShain Award** is offered to the member of the senior class who maintained an excellent scholastic record and is considered by faculty to have done the most for the public welfare of La Salle University.

Qualifications
1. The recipient shall be a senior, graduating student of the University.
2. High scholastic achievement normally shall be interpreted to mean Dean’s List standing.
3. In recognition of the monetary value of the award, the recipient should show evidence of his/her intent to attend graduate or professional school.
4. Primary consideration shall be given to leadership and participation in those activities which advance the good name of the University beyond the immediate campus and which enhance the role of La Salle University in the life of the region.

**The Student Activities Achievement Awards** are presented to those graduating seniors who have made significant contributions to La Salle’s program of extra-curricular activities. Traditionally, these awards have been intended to recognize those students who do not qualify for other award programs due to academic or other criteria that limit the number of award recipients. Faculty members and administrators, particularly those who work closely with student organizations, are invited to nominate as many students as they feel are deserving of these awards.

When nominating students, please keep in mind that our intent is to recognize *significant* contributions. As the number of recipients has increased dramatically in recent years, concern has been expressed (often by students themselves) that nominators and selectors should discriminate carefully in order to assure that students recognized are truly distinguished.

Thank you for your attention and response to this request. Remember the website:

Take a minute and do it now – the closing date is 2/28/2011.

The Driver Safety Awareness Session will be given on the following dates and times:

- Wednesday, February 23, 2011 from 1:00 p.m. to 2:00 p.m.
- Wednesday, March 2, 2011 from 1:00 p.m. to 2:00 p.m.

The program will be presented in Good Shepherd Hall, Security Conference Room, 103.

University policy requires that the operator of any University vehicle possess a La Salle University Operator’s Permit. Policy also requires that operators previously certified need to renew their permit every three years. Consequently, new employees and students wishing to operate University vehicles and those employees and students that have been previously certified but whose permit is set to expire, are invited to attend the above referenced sessions.

Additional sessions will be scheduled throughout the year on dates that are not yet determined.

the Project on Justice
Heritage Week
March 24, 2:00 - 5:00
Olney Lobby

The Project on Justice invites you to take part in this first of its kind event to be held during the University's celebration of its charter. We know that there are many wonderful projects, some long-standing and some recent; most are local while others take place in other parts of the country as well as overseas, that target socially intractable issues. These efforts deserve our attention and celebration. We certainly have not entered into these challenges alone. Partners that are available should join us as we share our commitment to creating a more equitable life for all.

We will have the Olney Lobby for a reception and opportunity for you and your group to showcase the good work that you do. There will be tables for the groups to set up posters with pictures and "artifacts" or laptops that demonstrate the good work you have been doing. Visitors will be able to go around to see display and speak with you.

Use this opportunity to bring information that will enable others to join you. Please let us know you are interested by providing us with the following information by March 1, 2011. We are creating a Power Point that will run during the reception. Each group, individual, or service-learning class will have a slide that will represent their work.

Visit the Student Health Center if

- You need to be seen (flu symptoms are not improving after being on self-care medications).
- You experience shortness of breath, a stiff neck, confusion, lethargy, severe headache, or frequent vomiting.

Call the Student Health Center( 215.951.1565) if you are unsure of the severity of your illness.
INTERACT WITH YOUR CAMPUS

The Office of University Communications is pleased to announce the launch of an updated online, interactive campus map.

The map allows users to explore campus buildings, administrative offices, academic departments, athletic venues, and other facilities. Users can locate various campus features and services, including handicap-access points, blue-light emergency call boxes, La Salle shuttle stops, SEPTA bus stops, and parking.

Using the tool palette at the bottom of the screen, users can navigate through the map, repositioning it and zooming in on points of interest. Clicking on individual buildings on the map will reveal information about the programs, departments, or services housed in those buildings.

Users may search for specific locations by “Building” and “Department or Facility.”

The map can be viewed at www.lasalle.edu/campusmap. Or, select “Directions and Maps” from the Quick Links drop-down menu on La Salle’s home page, www.lasalle.edu. Another route to the campus map is a link by that name under “The University” on the home page.

A PDF version of the map is also available to download.

Please direct any questions or comments to campusmap@lasalle.edu.

Excused: Volpe, Balchunis, Ruiz

Executive Session
The Senate convened an Executive Session to discuss a recommendation for a committee appointment.

Approval of Minutes
The Minutes of January 13, 2011 were approved with a vote of 16-0-2.

Faculty Senate Election Composition
Maggie McGuinness presented the rewording of the by-laws for the Senate elections composition. The document was approved with a vote of 18-0-0. The changes will be submitted for insertion in the Handbook. The motion approving the proposal resulted in the following changes:

Proposal to Change the By-Laws to the Constitution of the Faculty Senate
Article III: Election Procedures
5. On the final ballot voters ordinarily will be asked to vote for the following:
up to two candidates from each rank to fill six of the vacant seats one candidate for the seventh seat, which will rotate among the School of Arts and Sciences, the School of Business, and the School of Nursing and Health Sciences. If a candidate is elected for two seats (i.e., to represent his or her rank and from his or her school), he or she will be selected based on rank and the person receiving the next highest number of votes from the school will be named to the Senate.
Delete 5c.

Proposal for Appeals process of Pre-tenure Year Review
Mike Smith presented the addendum on the proposal for the appeals process for the Pre-tenure Review (Jan 2011 draft). The document will be reviewed by the Council of Deans and the University’s attorneys.

Curriculum Review Process
Deb Yost presented the proposal for the revised curriculum review process. Discussion involved slight changes to the wording in the document and changing the name from Curriculum Committee to University Curriculum Committee. The document was approved with a vote of 17-0-1. The motion approving the proposal resulted in the following changes:

Proposal for a Revised Curriculum Review Process
The following changes and additions to the University Handbook are intended to decrease redundancy in curriculum reviews at the University based on the formal approval of the pilot school/college curriculum committees:

Note: The proposal to eliminate Graduate Council requires that graduate concerns are addressed elsewhere. In addition, we seek to ensure adequate representation among graduate faculty on these committees. Thus, changes in the composition of the Academic Affairs committee reflect the inclusion of faculty who teach in or direct graduate programs. “Graduate education” is added to the charge of this committee.

(Continued on the following page)
1. Academic Affairs Committee
The Academic Affairs Committee is composed of the Provost/Vice President for Academic Affairs as ex officio chairperson; and the Academic Deans as ex officio members; three voting faculty members representing each of the Schools; and three voting graduate faculty members who regularly teach in or direct graduate programs, representing each of the Schools; a non-voting faculty member from the Faculty Senate; and three student representatives, one of whom is a graduate student the Vice President for Student Affairs/Dean of Students, and the Assistant Provost as non-voting members.

In its monthly meeting, the Academic Affairs Committee deals with issues/matters referred to it by any of its members or by members of the faculty which arise in carrying out existing academic policies. Thus, it considers, for example, revisions of the academic calendar, the rules of academic standing, the grading system, special programs, new programs and departments, graduate education policies, and so forth. It also suggests actions to the University Council in matters of wider scope or of an essentially policy making nature.

Note: School-based curriculum committees have taken control of the primary function of the Curriculum Committee, which is to review all new course and program proposals at the University. The following revised charge reflects a need for increased communication and oversight of various broad, curriculum-related areas that have an impact on all Schools and the College.

8. University Curriculum Committee
The Curriculum Committee has the Provost/Vice President for Academic Affairs as Chairperson and is composed of the Deans of the Schools of Arts and Sciences, Business Administration, and Nursing and Health Sciences; the Dean of the College of Professional and Continuing Studies; the Vice President for Student Affairs/Dean of Students; five faculty members, some of whom regularly teach in graduate programs; four Chairpersons of the School-based Curriculum Committees from each School and College; and three students. The Director of the Connelly Library and the Registrar are non-voting members of the Committee.

The Curriculum Committee is charged with: 1) A continuing review of the general education provided by the University's Core curriculum. Specifically, the Committee is responsible for regular reviews and modifications to the Core Curriculum based on issues raised and assessment results. The Committee is essentially concerned with the integrity of the broad University curriculum in terms of the University's philosophy and objectives. 2) The Committee establishes policies and procedures for the smooth functioning of School/College Curriculum Committees. To ensure increased communication with the wider University community, Chairpersons of School/College Curriculum Committees shall make regular reports of their activities to the Curriculum Committee. Should a conflict arise in the School/College curriculum committees it may be resolved by this Committee. 3) Additional responsibilities include, but are not limited to recommending policies for on-line learning, accelerated courses and programs, interdisciplinary courses and programs, experiential learning initiatives, and international programs and policies. 4) The Committee is also concerned with any major rearrangements of the academic year, which affect the basic pattern of the curriculum.

The Curriculum Committee is an advisory group responsible to the Provost/Vice President for Academic Affairs.

Note: Based on a thorough analysis of the curriculum review process at La Salle University, the elimination of Graduate Council would ensure a more streamlined review process for graduate proposals. Changes made to the composition of Academic Affairs and the Curriculum Committee to include graduate faculty and content related to graduate education should ensure that graduate issues will not be lost by the elimination of this committee.
(Continued from the previous page)

The following is recommended for inclusion in the Handbook:

School/College Curriculum Committees

School/College Curriculum Committees are responsible for reviewing and making recommendations for all new course, revised course, new program, revised program, credit-bearing certificate programs, both graduate and undergraduate, proposed by the School or College.

The Committees are composed of faculty from each School or College in a manner that ensures adequate representation of a range of disciplines. Members are selected by their Schools/College. Chairpersons may be selected by the Deans.

SONHS Representation on Safety and Security Committee
Discussion item involved representation of Nursing and Health Sciences on the Security Committee. Faculty can bring items to the safety and security committee; general agreement in the Senate was to maintain the current committee composition and not alter the Handbook; it was suggested that members of the community go before the committee and present their concerns.

The meeting was adjourned at 1:50 p.m.

Respectfully Submitted,
Mary Ellen A. McMonigle, Secretary
