Announcing La Salle’s 150th Anniversary Celebration

“When Bishop Wood approached Brother Teliow about a Catholic college for young men, Roman Catholics constituted about one-sixth of the 674,000 Philadelphia residents.... La Salle College in the City of Philadelphia, the legal title conferred by the Act of Incorporation, was described in the Act of March 20, 1863, as a ‘College within the limits of the city of Philadelphia, in which are to be taught the elementary branches of education, together with the sciences, and modern and ancient languages.’” (Source: Conceived in Crisis by Brother J. Thomas Donaghy, F.S.C., 1966)

March 20, 2013 will mark the 150th Anniversary of the incorporation of La Salle University. In order to properly prepare for the Sesquicentennial Anniversary Celebration, President Brother Michael J. McGinniss, F.S.C. charged a committee of faculty, staff and students to develop plans for the year-long celebration. Preparatory work began in the spring of 2010. The 150th Anniversary Committee has met monthly since their first meeting in October 2010.

The President has approved the following Committee recommendations:

- The 150th Anniversary celebration will begin in June 2012 and conclude in May 2013.
- The theme of the year, “Living the Promise,” will accompany the 150th logo below.

In addition, a proposed schedule of FY2012-13 speakers, events, and activities is in the final stages of formalization. Look for more information about these plans during the course of the year. If you have any questions or ideas, please contact Brian Elderton at elderton@lasalle.edu or Julie Morrison at morrisonj@lasalle.edu, the 150th Anniversary Committee Co-Chairs.

The 4th round of the Naturally Slim Wellness effort opens today through our PASIG Consortium (Philadelphia Area Independent School Insurance Group). They will be accepting 250 people for Phase 4.

This program is targeted toward those suffering from Metabolic Syndrome. Our efforts are aimed at helping these people become healthier, which will in turn benefit our overall claims population.

This program is eligible for our full time faculty and staff who are on La Salle’s Medical benefits. It is not open for spouses/dependents at this time.

Interested employees must complete the application, and if accepted, will be contacted via e-mail on September 14 through PASIG. The application link is www.naturallyslim.com/PAISIG.

Those accepted must get lab work at either a Concentra Lab center or their Primary Care doctor, and must go through the 10 week online class. Failure to complete the lab work or less than 4 of the online classes will result in that person being invoiced $100. This invoicing action is to encourage robust participation and discourage drop outs. PASIG had numerous people drop out of previous sessions and it costs the consortium thousands of dollars. So in order to make these efforts as efficient and effective as possible, PASIG wanted to make potential applicants aware of the $100 invoice policy.

Re: Family Weekend 2011

We hope that you will make plans to come out for La Salle’s Family Weekend, Friday, September 30, Saturday, October 1 and Sunday, October 2. There are events both on and off campus that are open to all members of the La Salle Community.

You can visit the Parents’ Association website at www.lasalle.edu/parents and select Family Weekend to view the invitation and response card. Some events are complimentary, and others require tickets or reservations — you may disregard the registration fee. If interested in attending any of the events, please return your response card to me by Friday, September 16, via campus mail - Box 809.

On Friday evening, coach buses will take our La Salle Group to the Bates Motel for a night of terror. There will be a Haunted Hayride, Bates Motel tour, and Corn Maze for you to choose – discounted packages are available for the trio if you dare. On Saturday there will be various off-campus events: the Mummy Exhibit, Valley Forge guided riding tour, and an Independent Tour for those just wishing to check out the city. Beginning at 3 p.m. the RSA will present Carnifall in McCarthy Stadium. This complimentary event will include games and activities for all ages. A Philadelphia Style Lunch will be offered on the quad and Dinner/Night in Vegas in the Ballroom. Additionally, Late Night La Salle will be showing the movie Rango, under the stars in McCarthy Stadium. Please bring your blankets, pillows, beach chairs, and favorite snacks! The La Salle Improv will perform in the Dan Rodden Theater at 10 p.m.

Hope to see you at Family Weekend!
Numbers Count: Millions Infected, Billions of Years Old, Trillions in Debt....What Do These Numbers Really Tell Us?

Bert Strieb, former faculty member in the Department of Geology, Environmental Science and Physics

Wednesday, September 14, 3:00p.m.
Holroyd Lobby (Free Food)

We hear large numbers—millions, billions, and trillions—thrown around in the news, politics, class lectures, TV and the internet, but what do these numbers really mean? How do they impact us individually and as a society?

The goal of this café is to explain and illustrate the significance of such large numbers and put them into perspective for the everyday understanding. Participants will get a chance to compare socially significant quantities like prison populations now and 30 years ago. By pairing hands-on activities with discussion we will analyze large expenditures found in areas like defense or education spending by breaking them down into more easily understood 'per person' figures.

Explorer Cafés are every Wednesday at 3:00p.m. except for “First Tuesday” Cafés (4:00p.m. on the first Tuesday of each month beginning in October).

Self-Directed Online Learning

September 22, 2011
12:30 to 1:30 p.m.
Online in Wimba Classroom

Online learning has forever changed our classroom interactions. Learners are now able to acquire content and collaborate with one another apart from the instructor. Fortunately, we can both empower our students to actively engage in their learning as we adjust to the online classroom. Adding a new role—facilitator—to our toolbox helps make learners more responsible and also leverages our time effectively.
