October ’11 Health Tip of the Month

Designed by La Salle University’s Student Nurses Association of PA (SNAP);
Brought to you by the Health Advisory Committee

Breast Cancer is one of the leading causes of cancer death among women of all races.

In the US, in 2007, 202,964 women were diagnosed with breast cancer, and 40,598 women died from the disease.

Getting regular screening tests is the best way for women to lower their risk for breast cancer in the following ways:

- Mammogram
- Clinical breast exam
- Breast self-exam

How to get help:

- Student Health Center: 215-951-1565 (Full Time students)
- Visit your primary care physician or your OB/GYN
- Cancer Treatment Center of America: 1-800-anytime

WHO AM I?

CLUE: "Here I am with my older and younger brothers dressed in the height of 1960's fashion. Soon enough I would become a science nerd, and eventually go to La Salle to study physics—and then elsewhere to get my master's and doctorate in this discipline. However, physics is no longer a major at La Salle, so when I returned to teach here, I joined a department with a discipline that is often called the basis or language of physics. However, I'm still interested in physics and other sciences—and even dabble in art sometimes."

Do you know who this person is? If so, send the name along with your name to campusnews@lasalle.edu. [His identity will be announced in the October 14 issue.]

If you have a photo of yourself from the past and would like to be featured, please send it along with a clue to the above e-mail address or to Campus News, Box 187. All prints of photos will be scanned and returned.

BYZANTINE ICONOGRAPHY

Featuring Stathis Trahanatzis
renowned Greek iconographer

DEMONSTRATION: THE TECHNIQUE OF BYZANTINE ART
Wednesday October 12, 2011
1–3 p.m. • Music Room

LECTURE: THE ART OF ICOMS IN THE BYZANTINE ERA
Thursday October 13, 2011
12:30–2 p.m. • Dunleavy Room

Co-sponsored with the La Salle Art Museum, the Department of Fine Arts, and the Theodore Morrow Memorial Fund.

Stathis Trahanatzis is cited in the Encyclopedia Britannica (15th Edition) as a leader in the revival of Byzantine Art. He is internationally recognized in his field and collectors hold his work worldwide, including the Vatican. He has painted in many churches in the United States and abroad. While Stathis Trahanatzis' reputation is built on his Byzantine icons and religious works, he also paints secular art in the Byzantine style. The result is a blend of traditional work with a modern look that is timeless. Hailed as "Modern-Day Michelangelo" by Los Angeles Times (December 1, 1991), Trahanatzis has also been likened to great painters as the vanes of Novgorod and Themelikopoulos, also known as El Greco, by the notable Byzantine historian, John Barker. Great works, yet humble words come from Stathis. "My creative work is directed by a higher power; by a power that is above my logic, above my knowledge. You can name it whatever you wish. Allow me to call it Divine Grace."

Health Advisory Committee Meeting  
September 30, 2011

Present: Co-Chairs: Lane Neubauer & Dina Oleksiaik; Members: Fega Achoja, Marjorie Allen, Matt Brislin, Huntly Collins, Holly Harner, Matt Glonta, Mike Gilbert, Chris Mickel, Freddy Mitchell
Absent: Kate Cook, Jeff Lyons, Maggie McCann

I. New Members were welcomed to the committee (Fega Achoja, Matt Brislin, Huntly Collins, Holly Harner, Freddy Mitchell).

II. A draft of an amended and updated Health Advisory Committee Charge Statement was presented to the HAC. The major changes involve the following:
   a. Removing the HAC’s oversight of the Alcohol and other Drug Education Center,
   b. Removing the HAC’s responsibilities regarding AIDS/HIV oversight,
   c. Reinforcing the HAC’s advisory capacity on health issues impacting the University community.

III. 2010 – 11 HAC accomplishments were reviewed.

IV. Smoking Policy update
   a. Vice President’s Team has approved moving the campus towards designated smoking areas in order to promote the health of the University community by curtailing second hand smoke.
   b. Facilities Management is currently identifying appropriate designated smoking areas. Once these are identified, University Communications will be requested to work on signage as well as communication as to impending changes.
   c. Smoking Cessation support is being identified for individuals who are interested in cutting back or quitting.
      i. The Prevention Specialist in Counseling and Health Services Unit has been certified as a Smoking Cessation Counselor and is offering individual counseling sessions to full-time students.
      ii. Smoking Cessation services available for Employees and part-time students will be pursued.
      iii. Suggestion was made to implement smoking cessation support groups to be held in the Residence halls.

V. October is Breast Cancer Awareness Month. The HAC’s Health Tip of the Month will focus on this. La Salle University’s Student Nurses Association of Pennsylvania (SNAP) will work again this year with the Health Advisory Committee in creating the Health Tip of the Month posters.
   a. It was suggested that the names of Health Advisory Committee Members be included on the bottom of the Health Tips so that the University Committee will know who is on the Committee if they want to bring a health concern forward.

VI. Fall Blood Drive is scheduled for November 8 and 9 in the Union Ballroom.

VII. Approximately 700 doses of Flu Vaccines have been purchased by Finance and Administration to be administered for free on a first-come basis for employees and full-time students. The first two dates for administration are Oct. 12 and 14 from 11:00 – 1:30 in the Union Ballroom.

VIII. Concerns for the 2011-12 year include the following.
   a. Pipes are being replaced in Olney Hall. Question was raised as to whether there is a mold issue in Olney. Communication is needed to the Faculty who have offices in Olney as to the reason why these pipes are being replaced.
   b. Handicap accessibility issues continue to be problematic. For example, the doors on the second and third floors in the Union were identified as needing attention. These are often closed and difficult to open for wheelchair bound individuals.
      i. Suggestion was made to have the electronic doors throughout campus checked on a regular basis i.e. 2x’s month, to assure these are in working order.

IX. National College Health Assessment Results were distributed to HAC members with request to review. Next meeting, these will be debriefed and discussed.

X. Next Meeting: Weds. Oct. 19, 1:00-2:00 p.m. Holroyd 121.

Respectfully submitted by
Lane B. Neubauer Ph.D., Co-Chair
