Re: 2011 Thanksgiving Closing Procedures

All University residences will close on Tuesday, November 22, 2011, at 6:00 p.m. and will re-open on Sunday, November 27, 2011, at 9:00 a.m. All students must vacate University housing by 6:00 p.m. on Tuesday, November 22, 2011 unless they have an approved housing extension.

Housing extensions for students living in the resident halls will be granted only for students who need temporary housing for University reasons or to assist with travel arrangements. Students requesting a housing extension must submit their request no later than November 8. No exceptions will be made after November 8.

To request a housing extension for this or any University break period (Thanksgiving, Winter Break, Spring Break or End-of-the-Year Closing), students can submit requests on-line through the mylasalle portal on the Life at La Salle tab in the Living channel.

Academic, department and program chairs/coaches/supervisors should submit a list of approved students participating in academic or other University related events. The list of students should contain the student’s name, ID # and their purpose for staying beyond the deadline date for any applicable periods as outlined below. Your list is for reference purpose only and does not mean a student has been submitted for an extension request. As many students stay for various reasons and needs, each student must submit his or her own request. We use the information you provide to verify specific requests.

A list of on-call emergency personnel will be available for Thanksgiving Break on the “Residential Living” portal group for the on-call Administrative Services, Security and Community Development staff.

Have you paid your mandatory church tax this year? Will the Supreme Court declare your religion a cult? Do you worship flying spaghetti monsters or the Great Pumpkin?

Freedom of religion is guaranteed by the constitution of the United States and by the constitution on Austria, yet laws, practices, and basic understanding are very different in the two countries. On the basis of unusual examples, this café explores some of the differences in how religion and the law relate in the United States and Austria.

I. Fall Blood Drive – November 8 & 9
   a. Several student organizations are lined up to staff Blood Drive Recruitment tables during the week of Oct. 31 – Nov. 7.
   b. Challenge for La Salle this year is to beat the number of pints collected at last Fall’s Blood Drive which was La Salle’s most successful Blood Drive (246 productive pints).

II. Komen on the Go
   a. La Salle has the opportunity to host the Komen on the Go travelling mobile unit on campus (November 14).
   b. Forty student volunteers are needed to staff the exhibit as required by the Komen on the Go organization (8 students per hour). Several student organizations and Academic Departments are being contacted to recruit student volunteers.

III. Health Tip of the Month for November will focus on “Sleep Issues” since this was a health concern with academic repercussions identified in the National College Health Assessment (NCHA) that was administered to La Salle’s students this past Spring semester. Student Nurses of Pennsylvania (SNAP) will design the poster.

IV. Flu Vaccinations
   c. At the time of this HAC meeting, approximately 550 Flu shots had been administered by the staff of the Student Health Center.
   d. There are 150 more doses still available for employees and students through the Student Health Center.
   e. Human Resources financed the purchase of the flu vaccinations for La Salle’s community.

V. Designated Smoking Areas – update
   a. Areas on West Campus are being identified for potential Designated Smoking Areas.
   b. Goal is to move toward West Campus becoming “smoke free” (smoking only permitted in Designated Smoking Areas) by Spring Semester.
   c. Smoking Cessation support for Full time Students is available through Counseling and Health Services; Smoking Cessation support for Employees and Part time Students is available through the Psy.D. Clinic (La Salle University Community Psychological Services).

IV. Healthy Weight Clinic
   a. Dr. Edie Goldbacher informed the Health Advisory Committee about the ‘Healthy Weight’ services available through the Psy.D. Clinic that are available to the La Salle University community.
   b. Free individual and group sessions are available for employees.

V. National College Health Assessment results
   a. Kate Ward-Gaus (Director/Alcohol and Other Drug Education Center) reviewed the NCHA results with the members of the Health Advisory Committee.
   b. Two salient issues that emerged in the NCHA results were the high percentage of respondents who noted negative impact of sleep issues and stress on academic performance. The HAC will look for opportunities to explore and to address these issues further.

VI. Facility issues – Responses from Facilities Management to the questions that were raised at last month’s meeting are listed below in italics.
   a. Are there any mold issues in the Oiney Hall job? No, we (FM) had a third party environmental testing company perform random mold samples, which were taken during the month of October as well as air tests too at the work site and around the building. Nothing was identified in the report; and we (FM) have no reason to believe mold exists.
   b. Why are the pipes being replaced? They are being replaced due to a discovered leak and the age of the infrastructure of these pipes. They provide chilled water to and from our HVAC systems in the building.
   c. Are the automatic doors inspected regularly? They are inspected and we have since increased this inspection to quarterly. Please continue to contact X-1315 to report any malfunctioning doors.
   d. Are there plans to have the doors on 2nd and 3rd floor Union made automatic for the handicapped accessibility? The Union building is a building that was built in earlier times when Section 504 was not included with new construction. LaSalle has moved forward in a capacity to work to add some Section 504 functions to the building as funding permitted during renovations. Several parts of the building remain in original condition. The 2nd and 3rd floor doors are examples of those. We will continue to add Section 504 features as we do renovations, but our current budget doesn’t support making the entire campus Section 504 accessible.
