I. Smoking Policy
   a. Evaluation of Phase I of the Updated Smoking Policy pilot involving West Campus transitioning to “Smoke Free” and “Designated Smoking” areas has occurred. Besides anecdotal feedback, Public health student nurses distributed questionnaires in Benilde Tower evaluating the transition. In addition, surveys were handed out at the University Health Fair. The results from the most relevant question are as follows:

   **West Campus evaluation (n = 91)**
   Do you feel that the school is moving in the right direction with the newly implemented designated smoking policy on West Campus?
   - strongly agree & agree = 79.1%
   - neutral = 10.9%
   - strongly disagree & disagree = 9.8%

   **Health Fair survey (n=71)**
   Do you feel the school is moving in the right direction with implementing designating smoking areas?
   - Unsure: 6.9%
   - No 4.1%
   - Yes: 88.9%

   b. Dina Oleksiak and Lane Neubauer met with key administrators to assure “buy in” with the Phase II of the Updated Smoking Policy pilot. Phase II involves transitioning the entire campus to “Smoke Free” and “Designated Smoking” areas. A formal proposal has been submitted for formal approval to implement phase II in August 2012. It recommends that if and when Phase II is approved, an announcement go out before the end of this semester informing the La Salle community about the transition of the entire campus and the locations of the designated smoking areas.

   c. Currently, the following have endorsed the recommendations in Phase II of the updated Smoking Policy: Faculty Senate, Community Development Advisory Board, Facilities Management, Security and Safety, Finance and Administration, Food Services, Athletics, Students Government Association.

II. Blood Exposure Procedures
   a. Ms. Oleksiak presented a workshop to Division of Student Affairs Extended Leadership Team in response to a Late Night La Salle incident which involved a blood spill.
   b. Supplies such as powder free vinyl gloves & Absorbital powder are available in the Union and can be supplied to other areas upon request by contacting Administrative Services.

III. April Health Tip - dangers of sun exposure—has been made into Table Tents for display in the food venues.

IV. Walk at Lunch – April 26th – 12:30
   a. Human Resources, Peer Educators, Students Government Association and Health Advisory Committee will sponsor.
   b. Food Services will supply water; Athletics is donating pedometers. Leftover Door Prizes from the Health Fair will be used as raffle prizes.

V. Health Fair Debrief
   a. Approximately 615 students, faculty, staff and administrators attended the Health Fair. Sixteen student organizations, eleven University departments, twenty one outside agencies, five food vendors, and five student performance groups provided information, services and demonstrations at the Health Fair. Preliminary feedback has been overwhelmingly positive. The formal evaluations have yet to be summarized.

VI. Learning Differences support
   a. Huntly Collins brought up the need to focus on what support is available for students with Learning Differences.
   b. Since the HAC all agreed with the importance of this issue and it was near the end of the meeting, it was agreed that this would be put on the agenda to discuss at the next meeting.

VII. Next Meeting is scheduled for May 2, 2:00 p.m., Lawrence Conference Room.

Respectfully submitted by
Lane B. Neubauer Ph.D, Co-Chair
