Bucks-La Salle Dual Admission Students: Please refer to the Dual Admission application for eligibility requirements. Students interested in applying to La Salle through the Dual Admission Agreement must complete the online dual admission application before completing 45 college-level credits. The Dual Admission Agreement includes a **Core-to-Core component**. Under the Dual Admission agreement, La Salle University's Core will essentially be fulfilled by the Core at Bucks County Community College. In order to meet the requirements of La Salle's Core, students must take one CORE "qualifier" at La Salle, REL 100: Religion Matters. This course must be taken at La Salle because there is no equivalent course offered at the community college.

Non-Dual Admission students who transfer to La Salle University will be required to complete the entire La Salle Core, which includes specific courses in a number of disciplines. Coursework can be taken at La Salle or prior to transfer. Seek advisement for course options and visit the La Salle website, www.lasalle.edu, to view the current course catalog.

Please Note: La Salle University has undergone a curriculum change for their nursing program in an effort to prepare graduates to successfully pass the NCLEX-RN® exam and begin a nursing career as safe and competent practitioners. Due to these changes, students entering La Salle's Nursing Program on a full-time day basis will now be required to complete an additional year in the nursing program in order to complete all of our degree requirements. Students will spend a minimum of three years at La Salle in order to complete all of their degree requirements for the BSN rather than the previous two year requirement.

** When equivalent courses are worth different credit amounts, the course will be satisfied and the amount of credit earned will transfer.*

Students who will be taking the TEAS entrance exam will need to do so at the time of application.

Failure to comply will result in a hold on all future registration at La Salle.
- 9) The School of Nursing and Health Sciences is utilizing CastleBranch for background screening and immunization tracking. The student will enroll in CastleBranch when accepted into the nursing major. Any students with a positive background check will not be permitted to start the nursing major.
