Manor-La Salle Dual Admission Students: This Dual Admission partnership allows Manor students to take four Nursing courses (NUR 201, 202, 203 and 204) at La Salle during their second year at Manor College. Admission requirements must be met in order to progress into the BSN program. After graduating from Manor, students take one additional Nursing course (NUR 205) over the summer at La Salle prior to matriculating into the BSN program. The BSN can be completed in two years provided students appropriately sequence and complete the remaining coursework.

Please NOTE: Transfer students who do not follow this specialized Nursing program (for example, those who follow the regular pre-Nursing A.S. at Manor), will spend a minimum of three years at La Salle in order to complete the degree requirements for the BSN.

Please refer to the Dual Admission agreement for eligibility requirements. Students interested in applying to La Salle through the Dual Admission program must sign the Intent to Enroll form at the beginning of their program at Manor, indicating their interest in this specialized Nursing program. The Dual Admission Agreement includes a Core-to-Core component. Under the Dual Admission agreement, La Salle University's Core will essentially be fulfilled by the Core at Manor College. In order to meet the requirements of La Salle's Core, students must take one CORE "qualifier" at La Salle, REL 100: Religion Matters. This course must be taken at La Salle because there is no equivalent course offered at the Manor.

Non-Dual Admission students who transfer to La Salle University will be required to complete the entire La Salle Core, which includes courses in a number of disciplines. Coursework can be taken at La Salle or prior to transfer. Seek advisement for course options and visit the La Salle website, www.lasalle.edu, to view the current course catalog.
