

Thank you for your interest in La Salle University. Below is a summary of La Salle University's admission procedure and requirements for international students requiring an F-1 visa. These are in addition to the application requirements every student is required to complete. If you have not already done so, please take the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS). You may inquire at your local U.S. embassy or consulate to find the test site nearest you and to obtain test registration materials. Otherwise, you may visit www.ets.org/toefl/ or www.ielts.org.

La Salle should receive the attached document (the Certificate of Financial Responsibility), your official TOEFL score, and all requirements for admission, no later than three (3) months prior to the semester in which you plan to enroll (the earlier the better since it takes time to visit an American embassy to be interviewed for an F-1 visa).

Please send your application materials to:
Office of Graduate Enrollment
La Salle University – Box 826
1900 West Olney Avenue
Philadelphia, PA 19141
USA

If you apply for on-campus housing, you will be required to include an additional \$200 deposit toward your housing. You should send your deposit in as soon as possible after you are notified of your acceptance. The deposit must be received no later than one (1) month prior to the semester you which to enroll (again, the earlier the better). Please visit <http://www.lasalle.edu/students/dean/admin/housing/gradhousing.htm> to download the housing application.

After La Salle University receives your deposit, a "Certificate of Eligibility for Nonimmigrant (F-1) Student Status" (USCIS Form I-20) will be sent to you. After you receive your I-20 form, you will use it to pay the SEVIS I-901 fee (www.fmjfee.com) and you will apply to your local U.S. embassy or consulate for a student visa. You must present your I-20 form and your passport. You should also be prepared to present proof of English language proficiency and verification of financial support as indicated on your I-20 form. The United States Citizenship and Immigration Service (USCIS) require all who enter the U.S. on F-1 student visas to maintain good academic standing and full-time student status. The Immigrations and Customs Enforcement agency imposes restrictions regarding employment possibilities for such students.

International students coming to the United States are also subject to the following requirements:

- All international students new to La Salle must arrive on campus at least one week before classes begin to attend the mandatory orientation for international students. This provides critical information, as well as the opportunity to get to know the campus and other students.
- All international students are required to maintain health insurance coverage. Visit www.lasalle.edu/international and select "Health Insurance" for the most up-to-date insurance policy.
- All international students who have lived in a high-risk country for TB in the last five years (Asia, Africa, South America, Central America, and Eastern Europe) whether graduate or undergraduate, must receive tuberculosis testing by a physician within the United States (this can be done at orientation).
